### Duplication Prohibited.

Additional copies of this book may be purchased from:

Elan Computer Group, Inc.  
410 Cambridge Avenue, Suite A  
Palo Alto, CA 94306  
Telephone: 415-322-2450  
FAX: 415-322-1915

This book was mastered entirely on an HP LaserJet Series II laser printer with the *Eroff Desktop Typesetting System* and HP *Soft Fonts* #33412AD and #33412AF. Pages were mastered *two-up* in landscape and duplicated without reduction.

Revision No. 880317/2.2

## TABLE OF CONTENTS

Chapters 1 through 10 contain their own more detailed table of contents and their own subject index. A **MASTER INDEX** appears at the end of this book.

### 0. REFERENCE

This section contains reference material for the *Eroff Desktop Typesetting System*. In this section are commands, noted as *name*(1), and file formats or tables, noted as *name*(5). References elsewhere in this book to *name*(1) or *name*(5) are listed under the title *name* in this section.

### 1. INTRODUCTION

Presents a introduction to the contents of this book and a summary of **Eroff** usage. *The beginning user should start here.*

### 2. EROFF EXTENDED FEATURES

Covers extensions not normally found in other *troff* systems, including graphics inclusion and native printer code inclusion.

### 3. NROFF/TROFF TUTORIAL

Presents examples and explanations of formatting activities.

### 4. NROFF/TROFF REFERENCE

Provides a description of these formatters for people that want to know the full nitty-gritty details. This chapter is intended for gurus only! Skip to the **MM MACROS** the first time through!

### 5. MM MACROS

These are the standard, general-purpose commands (macros) for text formatting. They provide all the macros usually needed to produce a wide variety of document styles ranging from a simple letter to a several hundred page book (like this one).

### 6. MV MACROS - Viewgraph Package

Macros designed to produce viewgraphs and slides.

### 7. TBL - Table Formatting System

Provides an easy to use facility for creating tables in your documents.

### 8. EQN - Mathematics Typesetting

Performs mathematical typesetting via a simple English language interface.

### 9. PIC - Picture Graphics Language

A simple language for creating diagrams and flow charts.

### 10. GRAP - Graph Generator

Create plots and graphs in your documents from numeric data.

### MASTER INDEX

Contains the master index to the entire book.
